

Please download the [MSHSAA Medical Eligibility Form](#) and return the last page

Please note: The form states it should be returned to school but in fact, it must be returned to Coach at the Preseason Meeting on 2/7 OR to Coach at the first practice.

Many have asked, "How long is this valid?" Step3 of the form indicates the length of time the athlete is eligible, which is at most 2 years. If the physician signed for 2 years, please check the date of examination to ensure it was on or after 5/27/2022. (The LAX season is over by 5/27/2024).

Thank you!
