Potential Sponsor List

Take a few minutes to fill out your potential sponsor list. These are 10 businesses that you can visit to offer logo spaces using the script and materials provided. Finishing the list, even if you get a yes on the first one, will lead to a more successful Raise campaign, generating more dollars for your athlete and their program.

Some ideas to help you find these 10 businesses: Businesses you frequent, your favorite restaurant, personal service providers, Google search, etc.

Sales Script

Hello XXXX,

My name is XXXX. This year, we will be live streaming our practices and games, and our families, friends, and fans will be able to watch for no charge and capture amazing moments.

We are also using our live stream to fundraise. It's pretty simple—for a small \$300 donation to me and my program, your business logo will appear in the bottom right corner of our live stream four times every hour, all season long.

Your logo will also appear on our highlight videos, which can be captured and shared instantly on social media. Plus, the streams can be watched for free anywhere in the world, so all families, parents, and fans who watch our team will see your logo.

Let me show an example of what it looks like and how easily it can be shared on social media platforms (show example using your phone).

So, can I count on your support? Great! (collect payment on your device or share your link.)

Thank you for your support. Please be on the lookout for an email from Sporfie asking you to upload your business logo.
