

MISSION STATEMENT

"The young men in our program are much more than simply football players. They are students, sons, brothers, grandsons, and much more, who will shape the future of our communities and nation. We want to develop young men who will be great husbands, fathers, employers/employees, and citizens. We also want to win championships. As such, we have a two-pronged approach to why we do what we do: win games, win hearts. It's that simple., -Jason Bornn

Dear Friends of 2021 Saugus High School Football,

The 2020 season marked a major turning point in the growth and development of our program. We are very proud of our Athletes for securing the League Championship during a very challenging year. While we have all had our challenges this past year, programs like ours provide the ability to come together as a community even in uncertain times. We look to continue this success in 2021 and running a quality program in the 21st century requires a financial commitment that allows us to do the things we feel are necessary to produce an outstanding experience for our young men. We are excited for what the future holds for the program, but we need your help to continue our success.

With an annual budget of \$190,000, we have our work cut out for us to raise the necessary funds to cover the expenses associated with running a first-class program that teaches not only football, but life skills and lessons. With less disposable income for many families, and the public-school laws, we are required to fund our 501c3 football program through fundraising and donations only. Since our program consistently has between 150-160 athletes every year at \$1,200 per athlete and given the William Hart District is unable to help with funding, we look to our wonderful and generous community for help. We kindly request you consider supporting our program by donating at one of the levels below.

Sincerely,
Tony Valentino - Gridiron President
