A man with a beard and short hair, wearing a white polo shirt with a JSerra Baseball logo and an Adidas logo, stands in front of a large mural. The mural depicts various sports scenes, including a soccer player, a basketball player, and a football player. The text "The purpose of JSerra is to form relationships built with intention and competitive development" is overlaid on the image.

JSERRA SOCCER

MISSION STATEMENT

Our goal in the JSerra Boys Soccer program is to foster a culture that provides our student athletes with a platform to achieve success in academics and competition to achieve excellence in life.

Guided by the teachings of the Catholic Church, as well as a sacrament-based learning environment, we will help these young men pursue personal and professional excellence. Helping to build a solid foundation for them to rely on as they take the next steps into adulthood. Soccer will be the vessel we use to develop the mental, physical, and spiritual facets of our student athletes.

OUR CORE VALUES:

INTEGRITY: We will hold ourselves to the absolute highest standard on and off the field.

RESPECT: Foster a climate of respect for ourselves, teammates, and fellow competitors.

EXCELLENCE: We will excel in the classroom and in our performance on the field.

COMMUNITY: We will work to enhance the lives of our classmates and community.

TRADITION: We will build upon our program's tradition by remembering the past and building upon the future.

What is an Athletic Trainer?

From on-field emergency care to follow-up treatment and rehabilitation, athletic trainers provide professional health care to injured athletes. A main focus for the athletic trainer is prevention of athletic injuries. They work closely with the rest of the sports medicine team, including doctors, physical therapists, coaches and parents.

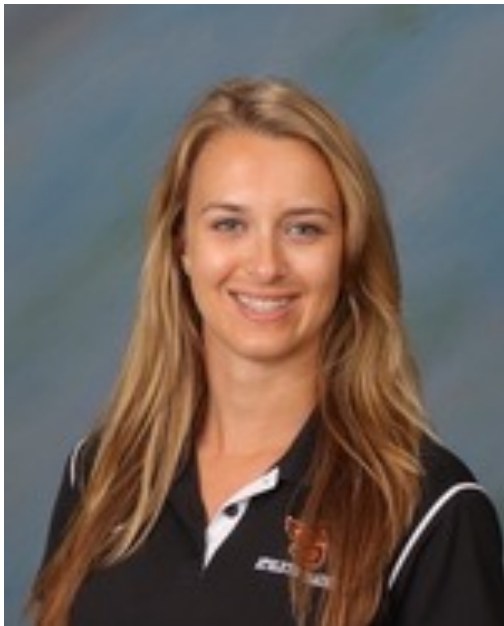

To become a certified athletic trainer one must earn a bachelors or masters degree from an accredited athletic training education program and pass a comprehensive exam administered by the Board of Certification. Once certified, they must meet additional continuing education units to remain certified. For more information on athletic training visit the National Athletic Trainers' Association website at nata.org.
