## **GAMECHANGER INSTRUCTIONS**

GameChanger is the platform that will be used to view the schedule and any changes. We keep this up to date at all times. GameChanger will allow viewers to see the schedule, follow live in-game play-by-play, and view scores.

Many of you may have been automatically added as “family” of a player and received an email about joining GameChanger. If not, that is also okay.

### **Instructions for Joining GameChanger**

1. Download the GameChanger app on your device. Download the green one, **NOT** the white GameChanger Classic version.
